

Eagle workbooks and applications

National Eagle Scout Service has revised both the Life to Eagle workbook and Eagle rank application. Effective 8/1/09, the Eagle application must be the 2009 printing or it will not be accepted (per National guidelines). If you have not had your Eagle Board of Review by 8/1/09, you will need to complete the new form with signatures before your Board of Review. Anyone currently working on the Eagle rank should download the workbook and application from the website or request a new Life to Eagle packet before completing any paperwork. The new workbooks (512-927) and applications (512-728) are currently available in the Morris-First Source Council Service Center or online at lasallescouncilbsa.org.
